

To whom it may concern,

I am writing to express my support for FM radio station K-LOVE heard here in Dayton, Ohio at 96.9 on the dial. K-LOVE not only supports my family with wholesome entertainment and news but provides the spiritual fulfillment in our daily worship. This country was founded under religious convictions that K-LOVE reinforces each and every day. I go into many homes and offices and hear K-LOVE on the radio. As a business manager, and one that plays K-LOVE in our offices. I don't have to worry about any offensive language being broadcast to my customers with K-LOVE. K-LOVE is regarded as a community member by many of us even though they are located elsewhere. With all that is immoral in society today it is refreshing to find a positive and encouraging voice on the air waves. Please do not allow a bad decision regarding LPFM's to displace such a fine public offering such as K-LOVE. Thank you for your time and consideration.
